

ADESA[®] AUTO BIDSM

EVER WISH YOU COULD BE IN TWO PLACES AT THE SAME TIME? YOU CAN.

SPEND THE DAY YOUR WAY.

Even if you can't make it to auction, you can still do business. Whether at home, at work or even on vacation, you can still bid on the cars you need. Do it on your time and on your terms.

Make bidding even easier. You can even create online Watch List categories to help you track the vehicles you need, and then set your AutoBid before they run.

AUTO BIDSM Set it. Forget it.

AutoBidSM does your bidding. Literally. Never miss a chance to bid on the inventory you need. It's easy. Just look online at the vehicles you're interested in, place a maximum bid, and then AutoBid takes it from there.

The system will bid for you in low-dollar increments, up to your top price.

Let AutoBid work for you.

- Bids for you while you move on to other things
- No need to be online during auction
- Incremental bids activated, up to your maximum, when competitive dealer bid is placed

No surprises. Full disclosure.

If we add, delete or amend vehicle announcements at any time after you've placed an AutoBid, we'll notify you by e-mail. In fact, if vehicle announcements have been changed, your AutoBid will automatically be removed prior to the sale. You'll have time to review the updated information and reset your AutoBid if you'd still like to bid on the vehicle.

QUESTIONS? WE CAN HELP.

Talk to a real person. Our dealer relations team provides the personal service you're used to from your local ADESA auction. Get answers to all your questions about ADESA's online tools. Our hotline is staffed 8 a.m. - 7 p.m. Eastern Time. **Call 317-706-3776.**
