## ACH/WIRE

Wire payments are another common way to pay for vehicles. On average it takes 24-48 hours to access your vehicle once the local auction has received funds from your bank.

This is how you select this option:

1. Call the ADESA auction that sold your purchased vehicle(s) or customer connection **1-888-526-7326**. Each auction has its own set of wire instructions that they will provide on how to wire funds.
2. Instructions will be e-mailed to you. Once instructions are received, those instructions can be provided to your bank to wire/ACH the funds to the corresponding auction. Please be sure to include VIN last 6 for units that you are paying for.

## CHECK

If you select this method, sending your payment via overnight mail to the ADESA auction that sold your vehicle(s) is preferred. This will ensure the fastest possible delivery to the ADESA site. Once received the auction will process the check and your vehicle release will become available. Both cashier's checks and business checks are accepted. *Make checks payable to the auction.*
